The PSG Center for Academic Research and Excellence was founded in October, 2015 by the PSG & Sons Charities Trust with a mission to promote teaching excellence in all the colleges under the Trust. Toward this end, CARE will encourage the use of learner-centric pedagogical practices that facilitate effective learning and will foster dialogue and reflection on effective teaching through workshops, seminars, one-to-one consultation and other activities. The center also focuses on creating and sustaining effective faculty student relationships and aims to pursue its mission by helping educators at PSG to practice a learner-centric course design, innovative pedagogy and effective assessments so as to shift the focus of the teaching learning process from delivery of knowledge to facilitation of knowledge acquisition
